

TOUCH TILES... UNLIMITED

ULTRA SLIM BEZEL TOUCH VIDEOWALL

7mm

TOUCH

Advanced touch BY DISPLAX capabilities recognize up to 100 touch points with precision, allowing multiple people to interact with the screen simultaneously.

WINDOWS

TILE is based on DISPLAX touch technology optimized and designed to work on Microsoft Windows

OFFICE

TILE is compatible with Microsoft App Store to be used with apps like Microsoft Whiteboard, One Note Skype, Word, Excel, PowerPoint or any other available.

BUILD TOUCH VIDEOWALLS ON THE GO

TILE narrow bezel features a bezel-to-bezel ultra slim width that minimizes the visual distraction, providing a near-seamless picture across multiple screens without interruption, making more impact with your customers.

BEST WAY TO COLLABORATE

Make collaboration part of your day. Share moments and ideas with others on a canvas that is as big as your vision. Bring people together in a way that feels completely natural, with technology that doesn't intrude, but helps ideas flow. Expand what can be accomplished in the moment and then don't lose the momentum.

ENGAGING

TILE reimagines the experience so that you can unlock the power of the group. You can walk up and access info with a single tap, and share content effortlessly, so that you spend your time connecting to people rather than technology. And since you can easily share, you can communicate outcomes and action points.

DESIGNED FOR MODERN WORKPLACES & LOBBY

TILE integrates beautifully into the modern workplace, enabling productivity in any space where people come together to get things done, from large conference rooms to informal huddle spaces to offices. The fully integrated design, and flexible mounting configurations means there's a solution for your need. TILE is also designed to be easy to deploy and manage.

THE FIRST

Next generation of collaboration

SHOWROOMS, RETAIL, MEETING ROOMS

AVAILABLE

55" TILE

MOUNTING OPTIONS

- Wall Mount
- Rolling Stand

TOUCH PRE-CONFIGURED

We offer a easy set up and configuration so you can install several TILES quickly.

EMPOWERING COLLABORATION

The TILE allows professionals to collaborate in new and exciting ways that will reshape how we work, teach, and research in the classroom and around the world.

When TILE is applied in places, powerful design considerations emerge to elevate experience of collaboration.
